

Every morning I take action to prepare myself for a great day and to serve my family. This is what I do:

1. I make up my bed promptly.
2. I make my own breakfast.
3. I put away things I used for breakfast.
4. I clear my place.
5. I do my red chores.
6. I organize my bedroom space.
 - This is defined in the list below.
7. I brush my teeth and clean up my bathroom space.
8. I am ready for Bible Time to begin at 8:45.

My space is neat and ordered when:

- My bed is made up
- No clothes are on the floor near my space
- All the drawers in my chest-of-drawers are closed neatly, with nothing hanging out of them.
- The top of my chest-of-drawers is organized and free of trash.

Keeping my space neat and ordered shows that

I respect myself and that

I respect the other people in my family.
